PROFESSIONAL

2020

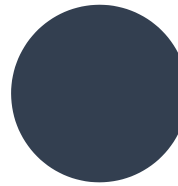

CASAFARI, Lisbon.
Data scientist.

CASAFARI provide statistics on real estate data from advertisement site (like idealista, olx, etc..).

My current job is to develop models to make data more accurate.

2018 - 2019

Message SAS, France.
Freelancer Network maintainer and applicative web application developpement.

I rebuilt the entire network in two enterprise of the group.

I also, developed a web application called 'PointJob' to manage schedule of 'freelancers' assigned to product manufacturing.

And allow them to freely choose their working range when the schedule is available.
